

**ICCHA means WISH (in Sanskrit Language)**

**MISSION:** "A WISH for a Healthy Community can only come true by individuals and businesses GIVING BACK for the benefit of all." - AI Patel (Founder)

**EVERY SECOND MATTERS AFTER A HEART ATTACK!**

**GOAL:** To establish the ICCHA-WISH Cardiac Care Diagnostic Lab so that patients with CARDIAC ARRESTS can be diagnosed and treated locally at Royal Inland Hospital in Kamloops instead of being taken in a traumatic 2.5 hrs ambulance journey to KELOWNA GENERAL HOSPITAL for diagnostics!.

**Empowering Nursing Students at TRU**

The recent pandemic has proven that nurses are the backbone of our healthcare system. To educate a nursing student for the entire 4 year undergraduate tuition is a divine act. The ICCHA/WISH Fund at TRU is committed to raising \$1,000,000 with your support, we will educate an aspiring student from our region to serve our community.

**ICCHA / WISH FUND ACHIEVEMENTS SINCE 2007**

**2007-2008** Established an Education Room at the New Cancer Care Centre. Sponsors and directors of ICCHA/WISH Fund: Brad Lincoln (left) of Capri Insurance and Jeff Isfeld (right) of Speedy Cash

**2008-2009** Two New Heart Monitors for Post Anesthetic Recovery Room (RAR). From Left: Dr. Gowd, Anil Parekh, AI Patel (Founder ICCHA/WISH Fund), Donna Martin (Program Leader PAR), Bob Purohit, Hasmukh Parekh

**2009-2010** Donated overbed warmers for Neonatal Intensive Care Unit (NICU)

**2010-2011** Provided a new compassionate room for families with loved ones in critical care

**2011-2012** Donated a portable X-Ray Machine for immobile patients at RIH

**2013-2014:** New Colonoscopy Equipment was donated to detect Colon Cancer, Crohn's, IBD and other diseases. ICCHA/WISH Fund at RIH also donated \$10,000 to help find the cure for Crohn's and Colitis

**2014-2015:** First time in Kamloops, the new Lithotripter Machine for Kidney Stone Removal, with the Board of ICCHA/WISH Fund and donors

**2015-2016:** Pictured above is the new Electromyography (EMG), which detects abnormal electrical activity of muscle that can occur in many diseases and conditions, including muscular dystrophy, polio, Guillain-Barre Syndrome, ALS, inflammation of muscles and pinched nerves

**2016-2017:** Pictured above is the new Portable Ultrasound: The bedside ultrasound will be used for a number of antenatal (during pregnancy) procedures. This piece of equipment is crucial for freeing up diagnostic imaging resources at RIH, which can then be used for other necessary exams.

**2018-2019:** ICCHA / WISH established the 4 bed ICCHA/WISH Coronary Care Unit at RIH dedicated to Cardiac Patients

**2020/2021:** Established the ICCHA/WISH Community Ambassador Fund at TRU to empower nursing students in financial need

**2020-2021:** 4D cardiovascular ultrasound system which allows cardiologists to perform accurate diagnostic services for cardiac outpatients.

**2022- 2023:** Donated eBike EL to further improve diagnostic capabilities in patients with cardiac arterial blockages.

**Our Community Giving Back!**

**ICCHA means WISH (in Sanskrit Language)**
